No additional or hidden costs

CPAg Accredited

Background

Retallack Viticulture is an independent viticultural consultancy offering advisory services in all aspects of viticulture for a changing and challenging environment.

Mary Retallack is well known in the Australian Wine Industry. She has worked in a wide range of practical, extension and consultancy roles both within Australia and overseas over the last 17 years. Her expertise can be used to complement and add value to your wine growing business.

Our special focus is assisting
grape growers to become wine growers

To ensure wine grapes are grown for purpose:

- › We work alongside vineyard managers to grow healthy vines, produce uniform management units and optimise productivity while achieving fruit quality targets set by fruit purchasers.
- › We aim to maximise your financial margin using our specialist knowledge, attention to detail and diverse hands on knowledge to monitor progress against industry benchmarks and best viticultural practices.
- › We value working with suppliers and grape purchasers to develop long-term relationships.

Our clients include:

- › Individual winegrowers
- › Corporate wine industry companies
- › Government departments
- › Peak Wine Industry bodies (regional, state and national)
